## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 6/15/07 has been entered.
2. Claims 1-47 are pending.

### ***Information Disclosure Statement***

3. The information disclosure statement (IDS) submitted on 6/15/07 is being considered by the examiner.

### ***Allowable Subject Matter***

4. Claims 1-47 are allowed.
5. The following is an examiner's statement of reasons for allowance:  
International Publication No. WO 02/13444 A2, to Wheeler et al., discloses creating a trusted authentication digital signature within a device during its manufacture in a secure environment by storing the private key within the device and linking the public key with other information in the secure environment. However, the Wheeler reference

Art Unit: 2134

fails to teach or suggest the limitations disclosed by the applicant in claims 1-47. The

Wheeler reference fails to teach or suggest:

- transmitting an electronic certificate issued in advance by said second authentication apparatus and information encrypted with a secret key issued by said second authentication apparatus from said information processing apparatus to said first authentication apparatus;
- authenticating the electronic certificate by said first authentication apparatus by decrypting the encrypted information with a public key acquired from the transmitted electronic certificate by using a public key acquired from said second authentication apparatus, and judging whether or not the decrypted information is proper;
- authenticating the environment information by said first authentication apparatus by judging whether or not the transmitted environment information is proper with reference to an environment information database, which stores environment conditions classified according to information to be transmitted and received, and the transmitted information; and
- judging said information processing apparatus to be safe by said first authentication apparatus when all the authentications performed in the step of authenticating the biological information, the step of authenticating the environment information, and the step of authenticating an electronic certificate are successful.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
